

Computer Systems Analyst

Fort Liberty, NC - Full-time – Not a remote position

Global C2 Integration Technologies is looking for talented and enthusiastic Computer Systems Analyst. The Computer Systems Analyst is responsible for managing and maintaining the IT systems and networks that support Tactical Data Link (TDL) training and operations. This role includes configuring hardware and software, troubleshooting technical issues, and ensuring system security and compliance across NIPR, SIPR, and JTEN-U/S domains. Additionally, the analyst supports SharePoint development, Learning Management System (LMS) integration, and other IT solutions critical to training delivery. With expertise in systems administration and network management, the Computer Systems Analyst plays a key role in ensuring the technological infrastructure aligns with mission requirements and enhances the operational readiness of U.S. and allied forces.

Responsibilities:

- Provide IT support for classroom and training systems.
- Maintain and upgrade networked systems, including hardware and software.
- Support SharePoint and LMS integration for JID-TC curriculum.

Experience Required:

- Four or more years of related experience in an IT support organization with 100+ users and technical experience within systems administration
- Experience with maintaining computer networks and systems including software, mainframes, VPNs, routers, and other physical hardware
- Experience with installing and configuring network equipment to update or fix hardware or software issues
- Experience updating virus protection software to keep data and communications protected
- Experience with fixing software and hardware configuration issues for users on-demand or from inspection of the systems
- Prior experience working as a SharePoint developer
- Experience with Web development: HTML, CSS, SQL
- Experience with Problem-management and critical and strategic thinking abilities
- Experience in client management, particularly in the areas of data flow and migration
- Reviewing website interface and software stability

Education Required:

- Associate's degree in computer science, software engineering or related field.
- Must have CompTIA Sec+ Certification.

Eligibility:

- Must have current Secret U.S. DoD Security Clearance; Top Secret with SCI eligibility preferred.
 - In order to obtain a U.S. Security Clearance, an individual must be a current U.S. Citizen in accordance with Executive Order 12968.

PHYSICAL DEMANDS: The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. While performing the duties of this job the employee is regularly required to climb, bend, stretch, walk, sit use hands to handle or feel; frequently use fingers to type; talk and hear; occasionally stand, kneel, stoop, crouch, bend, twist or reach out; may require lifting or moving 10 lbs.; frequently required to reach with hands and arms. Vision requirements for this position include close vision, distance vision, color vision, peripheral vision, depth perception and ability to adjust focus. Individual may be required to sit for extended periods consecutively to fulfill mission requirements.

WORK ENVIRONMENT: Work environment will have moderate noise when working in an office environment.

ADDITIONAL INFORMATION:

Equal Opportunity Employer - The Company does not discriminate based upon race, religion, color, national origin, sex, sexual orientation, gender, gender identity, gender expression, transgender status, sexual stereotypes, age, status as a protected veteran, status as an individual with a disability, or other applicable legally protected characteristics.

All applicants must be able to perform the essential functions of the position, including corresponding core job requirements, with or without reasonable accommodation. Reasonable accommodations may be made to enable individuals with disabilities (and others in accordance with applicable law) to perform the essential functions of the job, consistent with applicable laws and Company policy.
